

Johan Neethling Environmental Services cc

ENVIRONMENTAL ASSESSMENTS

COMPANY PROFILE

Johan Neethling Environmental Services cc (JNES) has been operating from Cape Town since 1997 and we have a client base, representative of the full market spectrum. We provide environmental services within a small practice but draws on the expertise of a large multi-disciplinary team of specialists to satisfy the demands of any project.

The firm is managed by **Dr Johan Neethling** (Dipl (Forestry, one year), Saasveld 1963, BSc. Forestry (Sylviculture) Stell 1968, Hons. BSc. Forestry (Catchment Management) Stell 1969, MSc. Forestry (Forest Soils) Stell 1970, PhD. Forestry (Forest Soils) Stell 1974, Hons B (Public Admin.) (Cum Laude) Stell 1990)

Johan Neethling is a member of the South African Chapter of the International Association of Impact Assessors (IAIASa) and a founder member of the Environmental Assessment Practitioner Association of South Africa (EAPASA). He is a recognized Environmental Assessment Practitioner (EAP) with organs of state at all three levels of government

He worked for many years in the Department of Forestry and the Cape Provincial Department of Nature and Environmental Conservation and became the Chief Executive Officer for the latter Department. In his career of 36 years he was responsible for a wide portfolio including management of plantations, water catchments areas, terrestrial and marine reserves, development of early criteria for environmental impact studies, management of fishing harbours, deep-sea and coastal fishery patrols, sport fishing, eco-tourism, provincial resorts, museums and cultural conservation.

He established the JNES firm in 1997 and has since gained wide experience in conducting EIA's, environmental assessments, environmental management plans and monitoring projects.

Wilscha van Heerden assists with all the day to day administration and compilation of reports.

COMPANY CAPABILITY PROFILE

We specialise in conducting Environmental Basic Assessments, Full Environmental Impact Assessments, compiling Environmental Management Plans and Programmes and conducting Public Participation processes. We have the experience and expertise to advise clients about their legal obligations in terms of national and provincial environmental legislation. We are able to liaise, on their behalf, with all government departments in the environmental field.

The firm also offers the following services:

- ✚ Construction and Operational Environmental Management Policies, Plans and Programmes
- ✚ Construction Site Environmental Control, Monitoring and Auditing
- ✚ Public Participation and Consultation
- ✚ Environmental Awareness Training Programmes
- ✚ Environmental input in project feasibility studies
- ✚ Section 24G (rectification of unlawful commencement of activities) applications and rehabilitation plans

We have many years of experience in the field of Environmental Impact Assessment and have established an experienced and expert group of specialist to assist with EIA projects. Specialists in the fields of botany, biodiversity, faunal studies, fresh water studies, heritage experts, visual impact, socio-economic, soil surveys and more, are at hand.

Over the last 13 years the practice has completed more than 300 environmental assessments, environmental monitoring and facilitation projects, mostly in the Western Cape but also a number as far afield as the Limpopo and Northern Cape Provinces. A client and project list is available on request or can be viewed at www.jnes.co.za.
